

Legend

- Proposed Turbine Locations
- 27 km LVIA Study Area
- Distance from the Proposed Turbines
- Local Authority Boundaries
- Calon Y Gwynt Wind Farm may be theoretically visible
- Llyn Lort Wind Farm may be theoretically visible
- Calon Y Gwynt & Llyn Lort Wind Farm may be theoretically visible

Cumulative Windfarm

- Scoping
- SC1) Llyn Lort

ZTV Note:

- 1) This drawing is based on a computer generated Zone of Theoretical Visibility (ZTV).
- 2) The areas shown indicate the maximum theoretical visibility of the proposed turbines using 5 m digital terrain model (DTM) data which does not take into account natural and human made structures such as vegetation and buildings. This presents a worst-case scenario.
- 4) Earth curvature and atmospheric refraction have been taken into account.

The figure has been based on the following parameters:
Calon Y Gwynt Blade Tip Height: 180 - 200 m
Llyn Lort Blade Tip Height: 220 m
Viewer Height: 1.6 m

0 2 4 6 8 Km
Scale at A3: 1:220,000
